

Membership Application

Your membership in the Berkshire Women for Women Worldwide supports the mission and actions of the United Nations Fund for Women (UNIFEM). BWWW aims to address the critical issues facing women around the world through activities, fundraisers and dissemination of information at the local level. We make annual contributions to UNIFEM for their Funds to End Violence Against Women and Gender Equality and for program development that advocates for improved women's health and HIV/AIDS, economic security, and gender justice. BWWW Members will be invited to participate in our annual International Women's Day conference at Bard College at Simon's Rock (March) and an annual members' breakfast (June). Other events will be posted on our website, <http://berkshirewomen.org>
